### **LSU Instructor Lectures To Math Classes At Ramer**

By Mildred S. Smith

These are busy days for Montgomery County people, with schools, churches and civic groups vying for the limelight.

Even pets are coming in for their share of attention.

A high light of last week was the visit of Dr. Pasquale Porcelli of Louisiana State University faculty to Montgomery County High School to lecture to mathematics students under the auspices of the Visiting Lecture Program sponsored by the National Science Foundation.

Dr. Porcelli also lectured to the mathematic students at Catholic High School, the two schools being among five which he visited in Alabama.

He talked to junior and senior students on "The Need for Mathematics in the Modern World." Later, he talked to the eleventh and twelfth grade students on what to expect in college mathematics.

He was accompanied by Mrs. Porcelli and at Ramer, they were guests of Miss Louise Kelly, mathematics teacher, at lunch in the school cafeteria.

Homecoming at Pintlala on Friday and a band concert at Ramer brought delight and regret to those in attendance. More than one hundred visitors at Pintlala were delighted with the performance of the rhythm band, a group of second and third grade children, under the direction of Mrs. Kittye McIntyre, and the first grade's contribution to the program under the direction of Mrs. Roy Alverson, but they were saddened at the announcement of Mrs. McIntyre's retirement after thirty-eight years at Pintlala. At Ramer, the school band gave a splendid performance under the direction of Chester Baggett, but those in attendance were filled with regret when he said he would be at Ramer another year.

At the beginning of the year, the First National Bank of Montgomery gave the student bank a posting machine and Woodford Parks, vice president, made a visit to the school to present the machine and give instructions in its operation.

A high light of the year was the annual visit to Montgomery bank. A morning was spent at the First National, where the school bankers were given a conducted tour through all departments, participated in a round table forum and were guests of the bank at lunch. Calls were also made at other banks of the city and greetings were exchanged with many former student bankers who are now working at the city banks.
